Art Unit: 2665

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1 and 2, drawn to a data packet transmission system, classified in class 370, subclass 395.1.
 - II. Claims 3-20, drawn to a manufactured signal structured for data transmission, classified in class 370, subclass 522.
 - III. Claims 21-30, drawn to a data switching method utilizing queues, classified in class 370, subclass 412.
 - IV. Claims 31 and 32, drawn to a switch fabric integrated circuit for arbitrating requests, classified in class 370, subclass 461.
 - V. Claim 33, drawn to a protocol conversion method, classified in class 370, subclass 466.
 - VI. Claims 34 and 35, drawn to an interface layer, classified in class 370, subclass 463.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I, II, III, IV, V and VI are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention II, III, IV, V and VI, each has separate utility such as a signaling device, a queuing device, an arbitrator, a protocol converter, and an interface circuit. See MPEP § 806.05(d).
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Art Unit: 2665

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
